Reaching Teens Survey

This survey is designed to gather information that will help adults be more effective when working with teenagers. The information will be incorporated into a book for educators, therapists, coaches. medical practitioners, and other youth workers. Please do not identify others by name if you choose to leave comments. Thank you for contributing and helping to create a better world!

1. What do you find most challenging about working with adolescents? Please list any challenges that are missing in the comments box below.

	Least important								Most Important
